

Soaring Eagle

Well ladies June has come and gone; the old saying is time flies when you're having fun, well I guess I'm having a ball. Just think six more months and Christmas will be here. Then April and State Convention. (yep-ee)

In about a week and a half about 20 or so of us will be packing to head off to Chattanooga, Tennessee for International Council Convention; I can hardly wait, for an old southern girl to get back in the mountains is like having biscuits, gravy and grits. I know the drive will be beautiful, and the mountains will take your breath away. I wish all of you could go.

I know most chapters have recessed for the summer but August Leadership will be here before you turn around. So now is the time to think about having a rush. Summer is the perfect time to have an ice cream social or b-b-q and invite some couples over; you know we now let the guys join.

Don't forget PJ articles are due July 5th so please get them to Charlene Law ASAP.

Please everyone have a safe summer, say a special prayer for our sisters that are ill or recovering from an illness. Remember

**Seek Out And Recruit
For ESA**

Love to you all
