As we transition in Oklahoma and seek another affiliate to serve the state, here are some thought starters for discussion with your officers regarding your donation in lieu of an Oklahoma affiliate at this time:

- You could consider donating to Easterseals of Greater Houston as they continue to respond to families living with disabilities, including Veterans and Military families, impacted by Hurricane Harvey. Here is their website with updated information on Hurricane relief needs and other services they offer: <http://www.eastersealshouston.org/>
- Depending upon Irma's devastation, our affiliates in Florida – and the families they serve – are certainly going to be impacted by the pending Hurricane. Here are affiliates in Florida and their services:
 - <http://www.easterseals.com/southflorida/?referrer=https://www.google.com/>
 - <http://www.easterseals.com/florida/our-programs/>
 - <http://easterseals-swfl.org/>

Should you opt to support affiliates near your state, we have great presence:

Hope this information helps!
